An Assignment Template

Haoyu

September 21, 2015

This is the abstract for the assignment. Here you state what the assignment is and provide any additional introduction or commentary that you care to.

Figure 1: This is a margin figure. Here is where you put the caption for your margin figure.

PYTONE STUFF

This is how you to determine odd or even by Pytone

```
?This python code could analyse and distinguish the number is even or add. A
could be any rational number if a/2==0, if a divided 2 equals 0 this number
must be even,if not this number is odd.?
```

REPRESENTING PYTHON CODE IN YOUR ASSIGNMENT

```
a=4
if a/2==0:
    print "this number is even"
if a/2==1:
    print"this number is odd"
```

Here you can comment on your python code.

```
the number is even
```

This indicates the output of your program.
